The unlimited monthly package is available the first week of every month. This package deal allows a student to take full advantage of all the salsa classes taught throughout the month. Students can participate in any class they wish to for the entire month. Specialty Workshops not included in this special. Unlimited packages must be paid in advance.

Specialty Workshops.....\$25

Unlimited Adult Salsa Package.....\$325 per month
(20 lessons)

Private Lessons (by appointment only)

Individual.....\$65 per hour
Couples.....\$90 per hour

Group classes are a great way to learn patterns, but there is no substitute for working one-on-one in a private dance lesson with a professional instructor to learn the finer points of dancing. Whether you want to work on dance technique, leading or following, timing or just want to have fun, private lessons will greatly improve your dancing skill.

A private lesson is your chance to clarify what you learned in a group class and further hone your technique. You can cover one dance or several during your lessons and cover specific techniques such as how to spin better, how to lead better, or how to hear the music better. Your instructor will be able to break down steps to their simplest forms and show you pattern variations to increase your versatility.

We have instructors available 7 days a week for Private lessons
